# Vector roads

1. A gradient stroke: a shading pattern

2. A radial gradient stroke, userSpaceOnUse

3. paint-order: stroke

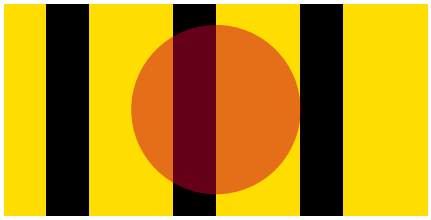

4. An even-odd fill

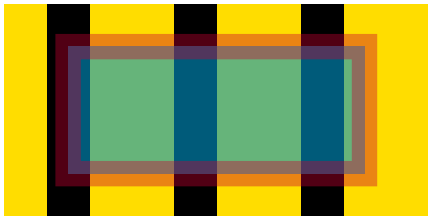

5. An even-odd clip

6. Plain opacity on a shape

7. Stroke and fill opacity alone

8. Group opacity over two shapes

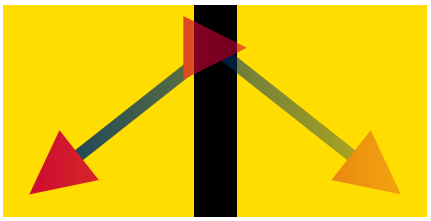

9. A luminance mask over a backdrop

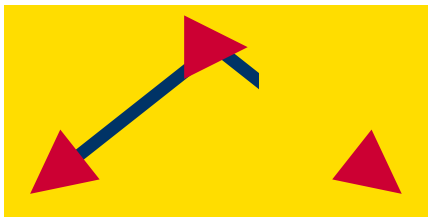

10. An alpha mask, its gradient's stops fading

11. A mask over a form: a group of a line and its markers

12. A mask on the marked path itself

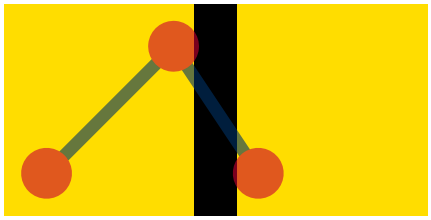

13. A mask over a raster fallback: a blurred square

14. A mask on the filtered element itself

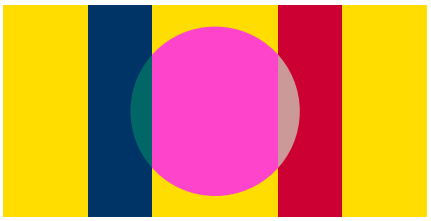

15. A form and a raster nested in a group's form

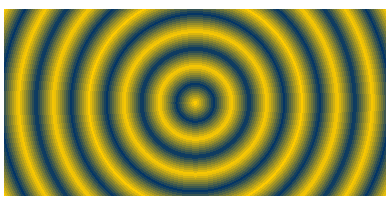

16. A marker holding a marked path: a form in a form

17. A blend mode other than multiply: difference

18. A radial gradient, spreadMethod reflect

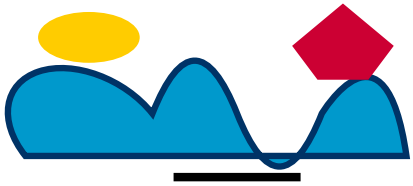

19. A linear gradient, spreadMethod repeat

20. Dashes, round caps and joins, a bevel, a miter limit

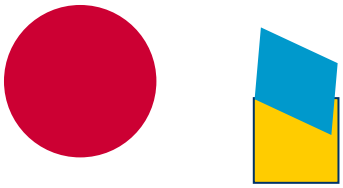

21. Arcs and quadratic and smooth curves

22. A symbol placed twice by use

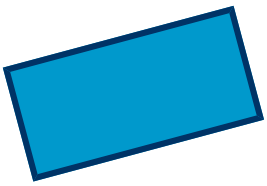

23. A nested svg's viewport clip, a non-scaling stroke, SVG transforms

24. A CMYK shading under the colour story

25. A rotated box

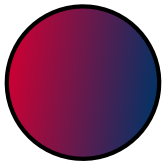

26. A skewed box with a gradient

27. A chain of three transforms

28. An SVG inside a rotated box

29. A blurred shadow under a rotation: a raster under the chain

30. Styled borders: dashed, dotted, double, groove

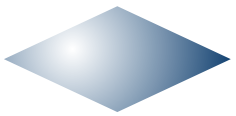

31. Styled borders: ridge, inset, outset, solid

32. Elliptical radii and uneven border widths

33. A polygon clip-path over a radial gradient

34. A circle clip-path

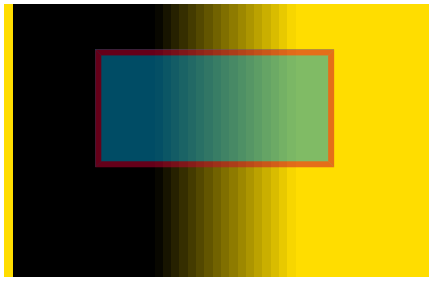

35. A repeating linear gradient

36. An elliptical radial gradient with three stops

37. Box opacity over a backdrop

38. A box blended by difference over a backdrop
